

The map illustrates the Spanish Circum-Caribbean current in the Atlantic Ocean. The current is shown as a thick orange line that originates in the Gulf of Mexico, flows north along the coast of North America, and then turns westward along the coast of Africa. Red dots mark the start and end points of the current. Blue arrows indicate the direction of the current flow. The map includes labels for MAINLAND NORTH AMERICA, BRAZIL, EUROPE, and AFRICA. A zoom control is visible in the top left corner.

Select time frame

From 1781 To 1781

The full extent of time from the first to the last voyage is 1514-1866 [\(restore it\)](#).
